

Living in the Computer Age.

The time we live in is sometimes called the Computer Age because of the changes that have been made to our lives by Computers. Think of all the things that computers can do for us and then describe what they have replaced.

Computer used for today	Replacing
Sending email messages to friends.	Letters and postcards sent by the Royal Mail and notes handed across the classroom or passed from person to person.

1. Do you think that computers have improved peoples lives?
2. Discuss your views with a friend and write down some advantages and some disadvantages of living in the Computer Age.
3. Add a third column titled "Computer use in the Future" and list some ways you thing computers/technology my help us in the future.
