

'Count us in!' – (Lyrics to the song to mark CensusAtSchool)

'Count us in!'

Verse 1. 'Count us in!'

A feast of hands reach for the sky
as children's minds with numbers fly
and data snowballs, piled high.
Involve, improve, awareness raise
and as they reach the next key stage.
Count us in, count us in.

Chorus. Lets join the hungry masses who
participate from every school
in England, Wales and Ireland too.

Verse 2. 'What is your favourite football team?'
The answer, well it could have been
a number of the chosen sides
but Man United overrides.
And figures, well, they rarely lie.
Count us in, count us in.

Verse 3. For soon a snapshot will be made
into a colourful parade of
children's hobbies to the teens.
A glimpse of future hopes and dreams.
And in the lessons yet to come.
