

Pictograms- teacher instructions.

1. Cut out plenty of each picture.
2. Ask children to choose the picture that represents the way they usually travel to school. Ask them to colour-in the picture they choose.
3. When everyone has finished colouring-in their picture ask the children to put the coloured-in pictures into the centre of the table.
4. Ask the children to sort the pictures into categories.
5. Explain how to arrange the pictures in parallel rows or columns to form a pictogram.
6. Ask the group to discuss the results.
